Irma Hockey Notes

The first game between Irma and Viking was played in Irma on March 2nd. Although three of Irma's regular players were absent and having to substitute junior players, the Irma outfit won by a score of 4 to 0 in a fast, hard fought game. A. Glasgow and F. Maguire each scored one in the first period, L. Hughes in the second and H. Gulltner in the third. The line-up was: Viking—Rasmussen, Runyon, McLaren, Cary, McEachern, Hardy, B. Ash, Finn, Martinell, Kelly and G. Ash. Irma—Inkin, McMin, Jones, R. Gulltner, Hughes, Maguire, Glasgow, Smith, H. Gulltner. Officials—Martin and Dean.

The Irma team went to Viking the following evening for the return game. This game was won by Viking 3 to 1 but as the total goals of the two games were to decide the winner, Irma won the series by a score of 5 to 3, and the right to enter the finals with Tofteld for the cup.

The first game of the Gas Line League finals between Irma and Tofteld was played in Irma on March 7 before a fairly large sized crowd. There was a splendid sheet of ice for the game and both teams hit a good pace right from the start. The play was fairly even all through and checking close. The only goal in the first period was one scored by L. Hughes of Irma on a penalty shot. Brimacombe scored number two goal for Irma on a pass from Glasgow and Smith assisted by Warton scored the first one for Tofteld in the second period. In the third period Irma added two more, one by Brimacombe and one by Glasgow from Hughes, while Tofteld added another counter when Smith assisted by Warton and Sears scored, making the final count 4-2 in Irma's favor.

The line-up was as follows: Tofteld—H. Bowick, L. Glover, N. Glover, Worton, Swinton, Smith, Sears, Staffer, Everett, T. Bowick.

Irma—Inkin, Jones, R. Gulltner, H. Gulltner, Smith, F. Maguire, Hughes, Brimacombe, Glasgow, A. Carter, Letner, A. Sonoff, H. Lissan, McMin.

Officials in charge, Martin of Irma and Evans of Tofteld.

This is a three out of five game series. Irma plays in Tofteld March 9th and Tofteld comes to Irma again on March 13th.

During this week Mr. Jas. A. Hedley and F. A. Fuder & Co. are responsible for the sound system at the rink, owned and operated by Rev. Fr. J. E. McGrane, broadcasting music and various hockey announcements. This is a very fine attraction and is greatly appreciated by rink patrons.

DIES OF ACCIDENT INJURIES

While engaged hauling hay on March 8th at his farm, 10 miles northwest of Irma, Gordon Holt, son of Mr. Chas. L. Holt, was caught by the hay rack in such a way that his back was broken, resulting in his death. The deceased leaves to mourn, his wife and young son, besides his father and brother, Joseph M. Holt. The late Mr. Holt was about 35 years of age. The sincere sympathy of Irma friends is extended to the bereaved in their sad loss.

Wedding Bells

MYERS-CASPER

A quiet wedding was solemnized at St. Andrew's (Presbyterian) manse on Friday last, when Miss Hazel Marie Casper, daughter of Mr. and Mrs. Benjamin O. Casper, of Wainwright, became the bride of Mr. Wilbert Edgar Myers, of Irma.

Rev. R. S. Stevens, D.D., officiated. Following the ceremony, the young couple left on an auto trip to Edmonton, Calgary and Banff for their honeymoon and on their return will reside on the groom's farm in the Irma district.—Wainwright Star.

CONCERT AND DANCE PUT ON BY IRMA L. O. B. A. WAS PLEASING TO LARGE CROWD

The lodge hall was packed to the doors for the Concert and Dance put on by the Irma L. O. B. A., and everyone seemed highly appreciative of the different numbers which were as follows:

Opening Chorus—By High School Girls; conducted by Miss Marjorie McFarland.

Reading—Eldreda Fenton.

Play—"Suit the Professor," by Miss Stone, Mrs. E. Sanders, Mrs. J. Holt and Mr. Wilfrid Sanders.

Solo—Miss Anetta McMillan.

Hawaiian Duet—Mr. and Mrs. Albert Knudson.

Piano Duet—Miss Aletha Knudson and Audrey Jones.

Solo—Arnold Enger.

Cowboy Song and Guitar—Messrs. Ralph and Sam Congdon.

"Pictured Songs"—By High School group led by Clarence Carter.

Play—"Hat She's a Man," by Crescent Hill players, which included Mr. and Mrs. Martin Enger, Mrs. Edwin Sanders, Miss Della Stone, Messrs. Sidney Knowles, Eric Steel, and Wilfrid Sanders.

"God Save the King."

L. T. L. ORGANIZED.

An L. T. L. was organized here Friday afternoon, March 3rd, with Mrs. Parke as leader and Mary Kuzick assistant. There were ten "charter members", an encouraging number to turn out for such a cold stormy day.

Officers chosen for three months were, President, Mary Kuzick; Secretary, Doris Gulltner; Treasurer, Hazel Wyand.

After the organization is thoroughly under way regular meetings will be held the first and third Friday afternoon of each month between four and five o'clock.

This organization is the Children's branch of the W.C.T.U. All boys and girls seven years old or more are eligible upon payment of 10c membership fee and promising formally to be quiet and orderly, attentive to the instructions of the leader and to all the exercises of the meeting. The program consists of scripture reading, prayer, songs, games, stories, parliamentary drill, physical exercises, etc. Any members who elect to take a triple pledge to abstain from beverage alcohol, tobacco, and profanity, may wear the special indicative badge, but this is not in any way obligatory. Attendance of visitors always welcome. Adults may become "honorary members" on payment of 25c.

W. M. S. MEETING

The regular meeting of the Women's Missionary Society will be held at the home of Mrs. Elford on Thursday evening, March 16th. Mrs. Shaw has charge of the study period and the hostesses are Mrs. McKay and Mrs. Longmire. All members and friends are most cordially invited.

Women's Institute

The monthly meeting of the W. I. was held on Thursday, March 2nd. There were 29 members and four visitors present. Among the items of business brought before the meeting it was planned to hold a Tea on the Saturday before Easter, 8th of April. The proceeds from this tea will be sent to the Alberta Women's Institute Radium Fund. Mrs. H. McKay gave a very fine paper on "Character."—Mrs. C. Wilbraham, Secretary.

United Church Notes

Rev. E. Longmire, Minister
Irma—Sunday school, 11 a.m.
Public Worship, 7:30 p.m.
Prayer and fellowship service on Wednesday evening at 8 o'clock.
A hearty welcome to all.

SOILLESS AGRICULTURE

YOU CAN GROW VEGETABLES AND FLOWERS Without Soil -- Indoors or Outdoors

Indoors or outdoors all through the year a delightful way to spend many happy hours is to grow your own vegetables and flowers. In our office windows we have grown the finest tomatoes, beans, eggplants, cucumbers, lettuce, other vegetables and many flowers all from seed. Also Gladioli, Lilies, Carnations, and other bulbs with complete assurance of growing and flowering many times during the year. The fast growth that we have never seen equalled any other way. Houseplants and indoor plants are also grown in this way. The plants are all of beautiful colors in foliage, flowers and fruit. The plants are all of the same kind and are all of great value in starting early seeds indoors, tomatoes, cabbages, annual flowers, etc. Seedlings grow rapidly, are strong and vigorous root, transplanting to the garden with almost no loss.

ORDER TODAY We supply the proper chemicals in a convenient package ready weighed to our own formula, sufficient to make up to 25 to 50 gallons of solution, together with our direction booklet of explicit instructions, illustrated with pictures of our own plants and methods. No special knowledge, experience, or equipment is needed. Every adult and child will be absorbed watching Nature's processes as wonderfully revealed. Astonishing possibilities for those wishing to experiment. Customers already using our chemicals tell us they have never seen growth so rapid and satisfactory. You have read about our own experiments in many newspapers and magazines. Now it is your turn. Send \$1.00 for set of chemicals, directions, and all particulars regarding growing in jars, tubs, pots, tanks or sand. Direction booklet let \$1.00 be bought separately.

EDUCATIONAL SIMPLE PROFITABLE -- ASTONISHING

FREE Our Seed and Nursery Book, best yet, over 2,000 vegetables, flowers, roses, bulbs, houseplants, shrubs, trees, and fruits. Every page illustrated, many in natural colors.

DOMINION SEED HOUSE, 81 ELGIN ST., GEORGETOWN, ONTARIO

Experimenting in Socialization

State medical care and hospitalization on province-wide basis has not yet been put into operation in any of the Canadian provinces, though one or two of these provinces have preparatory legislation on the statute books ready for use on proclamation of the lieutenant-governor in council when the time may be auspicious which is probably another way of saying when the provincial government can see its way clear to financing such a project.

In other provinces the demand for province-wide state medicine is growing in volume and vociferousness and the time may not be far distant when one or another of these provinces will adopt a measure to meet the accelerating tempo of the clamor for it.

The persistent call for provincial state medical aid and hospitalization is one of the outcroppings of the depression decade from which—it is to be hoped—the west is about to emerge. Its successful operation, however, is dependent among other things upon proper financing and, of course, it is not surprising to find that governments are loath to embark on a scheme involving a large sum of money at the outset, at a time when people are unable to pay existing levies for other services and when, as a result, governments are heavily in debt which they are unable to meet.

It is largely because of the lack of private income that people are pressing such urgent requests for provision for state medicine and hospitalization and it is exactly for the same reason that governments are chary about embarking in new ventures of this nature at a time when they are most needed.

When and if the country is again prosperous and governments can more readily secure money to finance projects of this kind, the need for state medicine and hospitalization will somewhat diminish and it will be interesting to see whether or not, on that account, the demand for it will die down. In the mean time, the governments have not yielded to the pressure that is now being brought to bear upon them.

Interesting Experiments

In the meantime experimentation in group medical aid and hospitalization is being carried on in the west, both on voluntary and compulsory bases, on smaller scale. The success, or otherwise, of this experimentation will be watched with close interest, not only by participants in and beneficiaries of such measures but by the entire populace of the west.

Within the past twelve months several groups in the larger centres have organized mutual medical societies in the hope of securing medical and hospital services for their members at reduced rates as a result of co-operative bargaining power and are financing their plans by flat rate monthly levies upon the membership, thus organizing costs of sickness under a budgeting plan. Most of these organizations, purely voluntary in character, have not been in operation long enough to be able to determine whether or not they will be successful, and in fact, most of them are yet in the embryo stage.

On the other hand, this spring will see the first state medical and hospitalization project in Western Canada, perhaps the first in the Dominion, put into effect on a municipal compulsory basis.

The electors of the Rural Municipality of McKillop in Saskatchewan voted in November to embark on a municipal-wide health insurance plan by a 96 per cent. majority poll. The rural municipality embraces one town and two villages and these urban units are combining with the municipality to set up the first health insurance district in the province to cover a complete range of medical and hospital services, including surgical and X-ray work and medicines for all the residents of the district. The plan is being financed by an annual levy of \$5 on every resident of the rural municipality and of the town and the two villages, payable quarterly and in advance. Agreements have been made with two physicians resident in the town to take care of all the medical requirements of a population of 2,350 and negotiations for hospitalization are under way with two city hospitals outside the boundaries of the municipality.

Will Be Closely Watched

This municipal scheme is compulsory on the residents of the municipality and will be administered by a district board of health representing the several urban and rural units.

Provincial legislation is required to authorize the imposition of the proposed levy and this, it is said, has been promised and will be sufficiently wide to enable other municipalities within the province to launch similar measures on a vote of the electors.

Since this is a compulsory, once it has been adopted by a vote of the electors and is, therefore, closely akin to a full fledged provincial health insurance or state medical and hospitalization scheme, though on a smaller scale, its operations will be watched with tense interest throughout the entire west. If it should prove a success, doubtless many other municipalities will adopt a similar measure at the first opportunity, and it is quite possible that in this manner a municipal project may grow into a province-wide scheme.

Many factors will determine the success, or otherwise of this first municipal venture. They include the ability and willingness of the residents to pay the levy as and when required, the confidence of the people in the doctors which have been selected and the co-operation of the hospitals with which agreements are being made and the nature of the agreements with both doctors and hospitals.

The right hand of Mona Lisa, painted by Leonardo da Vinci, is said to be the most perfect hand ever painted.

MEN LOVE GIRLS WITH PEP

If you are plump and full of fun, men will love you to dance and parties. BUT if you are cross, listless and tired, men won't be interested. Now, don't let the "one" girl, when they go to parties they want girls who are full of pep. Is it not a fact that a good general system tonic, restorative for everything a woman has told another how to go "smiling" there with Louis B. Pinkham's Compound. It helps build up more physical resistance and they stay in a good mood and improve their health from female functional disorders. You'll find Pinkham's Compound WILL WORTH TRYING!

Two Of A Kind
The vicar and the squire were walking together after the morning's service. Suddenly the vicar, very peevish, burst out: "Did you hear Robinson snoring in church this morning?" "Yes, I did," was the Squire's reply. "The sounder woke me up!"

The world's record for whitewash departs is still held, Cook's believe, by one woman who took a round-the-world cruise on two-and-a-half days' notice.

The average thickness of the steel used in automobile bodies is about one-sixteenth of an inch. 2296

Restriet Use Of Aircraft

Game Regulations Are Tight In Regard To Trappers

The use of aircraft in trapping operations in the Northwest Territories is restricted under the provisions of the Northwest Game Regulations, according to the Department of Mines and Technical Surveys. With the exception of the recently created Mackenzie Mountains Preserve, present regulations provide that aircraft may only be used by trappers as a means of transportation between the points of outfitting and the trapper's base camps. Every trapper using aircraft for transportation purposes is required to complete an affidavit setting out the location of his base camp and full particulars concerning his trapping operations. In the Mackenzie Mountains Preserve the use of airplane transportation in connection with trapping is prohibited.

The regulation of the use of aircraft by trappers is necessary to the welfare of the native population of the Territories, which depends to a large extent upon the game and fur-bearing animals for a livelihood. Until comparatively recent years many of the more remote parts of the North were virtually wild life sanctuaries due to the fact that they were inaccessible by ordinary means of travel. Airplane transportation has made it possible for trappers, prospectors, hunters and others to reach these outlying regions, with the result that from time to time revision of the game regulations has been necessary, to provide adequate protection for wild life. At present hunting and trapping in the Northwest Territories is practically restricted to natives and half-breeds, as licences to other persons are issued only to qualified residents already holding hunting and trapping licences.

Loyal To Great Britain

African Natives Opposed To Returning To German Rule

There is no desire in the former German Colonies to return to German rule, said Dr. Haden Guest, M.P., when he arrived at Plymouth, after a three months' tour of West Africa. "The vast bulk of the population," he said, is very appreciative indeed of the benefits obtained under British and French administration.

"Among the natives there is a very great loyalty to, and pride in, the British Empire."

Dr. Haden Guest was a member of a commission, comprising four M.P.s and four technical experts, who went to investigate conditions in West Africa at the invitation of the Leverhulme Research Fellowship Committee.

"I am confident that the only policy is to retain West Africa for the Africans," he added.

"It is essential to keep native laws, customs and methods of farming as the basis of prosperity for the country, and to maintain the most cordial relations between natives and English."

He said that there was an opening in certain areas for settlers, and he thought it would be worthwhile exploring the possibility of sending Jewish refugees.

Not What It Seems

Former Residence Of King George Larger Than It Appears

The comparatively narrow frontage which 15 Piccadilly—former residence of the King and Queen, and now adorned with a "to let" board—shows to the world, is no real indication of its size, says the Glasgow Bulletin. For, like so many London houses, it goes a long way back, and burrows deeply underground. As a matter of fact, there are 12 kitchens in the establishment, and when royalty were in residence some of the 30 servants needed to run it scarcely ever saw the light of day, except at "off" duty times.

Cobras spread their hoods by means of a set of movable ribs near their heads.

Not one person in 100 can tell Michelangelo's first name. Well, it was Buonarroti.

Lord Baden-Powell is a great collector of "keys," having the freedom of eleven cities.

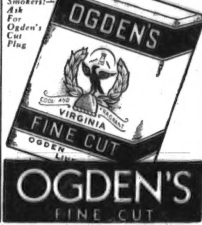

Four expert steepjackers have removed the grime from Big Ben in London.

MILLIONS HAVE FOUND RELIEF FROM NASAL CATARRH

Relief from the irritation of catarrh can be as near as your nostrils. Do no millions of people, the world over are doing so. The Mackenzie Mountains Preserve, a world famous health resort, is now a "to let" house, and is now a "to let" house, and is now a "to let" house. A 30 cent tube or jar of Mackenzie Mountains Preserve, Relief guaranteed or money back. 218

THAT REMINDS ME— OGDEN'S HITS THE SPOT IN SMOKING PLEASURE

Mellow—mild—cool—Ogden's Fine Cut scores on every point. Men who "roll their own" find that with Ogden's they hit the target of real smoking pleasure. Particularly when they use "Vogue" or "Chanticleer" papers.

Gipsy Wedding In Toronto

Groom Is Next In Line To Become Roman King

Prince Steven Semio and Princess Kika Butsch, offspring of the royal house of Romy and future king and queen of the gipsies, got married in Toronto, and everybody at the wedding wished they would live 1,000 years.

"We had a big table with pigs, chickens, wine and everything enough for 150," the gipsy bride said. "My father and mother took me and gave me the fairest and nicest of my husband—that made me theirs."

"Then they gave me to the son and said: 'We hope you have a good life, that you make a good wife, and live 1,000 years.'"

"I told them I hoped they made lots of money and that they lived to be 1,000 years—and everyone was happy," Mrs. Semio said. "Then the guests gave me \$20 gold pieces, according to custom, and we all began to eat and sing."

"My husband's father is an old man," she said, "and my husband is the next to become king of all the gipsies."

Too Large For Thieves

The Island of Yap, in the South Pacific, is famous for its curious stone money. Some of the coins are more than a dozen feet in diameter, and are displayed in the yard of the owner. Since they hardly could be concealed, there is little danger of their being stolen.

STOP Itching

TORTURE IN A MINUTE
For eczema, itching, rashes, hives, and other skin troubles, apply D. D. D. PRESCRIPTION. It gives you quick relief. Clear, granular and white—no redness. Stop the most intense itching instantly. A life time relief, at drug stores. 10¢ money back. Ask for D. D. D. PRESCRIPTION. 18

Luxurious Air-Raid Shelter.

For Use In Peace Time But Would Be Handy In War

The most luxurious air-raid shelter in Great Britain has been built on an estate at Bosham, near Chichester, England, owned by S. Getstner, well-known yachtman.

The shelter, is underneath a flower-decked rock garden. It will be used in peace-time as well as in war. His two children will be able to play as usual, oblivious of the danger of enemy aircraft overhead or of the horrors of poison gas.

The shelter is 50 feet long and is built of reinforced concrete with bombproof glass bricks and marble facings. It is in the form of a passage linking two houses, with easy access to each. It is fitted with ultra-modern steel furniture and a high-powered radio set has been installed.

The shelter also contains a cocktail bar, tennis table and an 800-gallon aquarium containing tropical fish.

British Music Critics

Have Come To Canada To Adjust Rate Yearly Festivals

Two British musicians, Dr. Arthur Benjamin of London and George Dodd of Newcastle, sailed for Canada where they will act as adjudicators in music festivals throughout the country. A third adjudicator, Frederick Stratton of Chesterfield, will be delayed pending completion of his honeymoon. He married Kathleen Vera Greaves, 38, a former pupil several weeks ago. The adjudicators were appointed after consultation between officials of Canadian musical organizations and the British Federation of Musical Composition Festivals.

Mr. Stratton will conduct examinations also for the associated boards of the royal schools of music which send an examiner annually to Canada.

For Eczema - Skin Troubles

Make up your mind today that you are going to give your skin a real chance to get well. Go to any good drug store and get an original bottle of Moore's Emulsion Oil. It lasts many days because it is highly concentrated.

The very first application will give you relief. The itching of Eczema is instantly stopped. Eruptions dry up and scale fall in a very few days. It is the best of itching, Tinea and Feet, Barber's Itch, Salt Tubercles and other skin troubles. Moore's Oil is Remember that Moore's Emulsion Oil is the best. It is a powerful, penetrating, Antiseptic Oil that, wherever it is used, gives a healthy, complete satisfaction or money back.

Has Different Method

The manner in which a cobra strikes is very different from the method of the long-fanged snakes, such as the rattler. The latter opens his mouth wide, and stabs the victim, while the former grasps the victim, and chews it momentarily.

Husband: "You will never succeed in making that dog obey you."

Wife: "Nonsense. It is only a matter of patience. I had a lot of trouble with my first."

A Burlington-Trent man—who chained a dog to a wall and let it die was imprisoned for six weeks.

Average life of an automobile is 8.4 years.

A Lucky Letter

Ensures Lancashire School Boy A Trip To Newfoundland

A letter to Lancashire school boy wrote to the Duke of Gloucester has ensured his inclusion in this year's expedition of the Public Schools Exploring Society to Newfoundland. The Duke read the letter at a dinner of the society, launching an appeal for a \$234,000 endowment fund to help the boys. Lord Lloyd, president of the Navy league, promptly announced the league would finance the 15-year-old youngster.

Changed Her Mind

Jim: "On his birthday before their marriage she gave him a book entitled, 'A Perfect Gentleman.'"

Friend: "Any change after a year of married life?"

Jim: "Yes; on his last birthday she gave him a book entitled, 'Wild Animals I Have Met.'"

The expression "lame duck" originated in the stock exchange, where it meant a person unable to fill his engagements or contracts.

In Vienna, the dropping of litter in the streets is an offense for which a policeman can exact a fine on the spot.

The poet Shelley was expelled from Oxford for writing an anti-religious pamphlet.

Are You WEAK, PALE?

If you are weak, pale, thin or have no appetite, you need a tonic to build you up. An excellent tonic to take is Dr. Pierce's Golden Medical Discovery, which stimulates the appetite and tends to improve the digestion of food—the natural body-builder. Mr. Adeline Mundy, 229 Talbot St., London, Ont., says: "I was very thin and pale. I was so dreadfully weak I could do very little. I used Dr. Pierce's Golden Medical Discovery and my appetite improved just wonderfully. I gradually gained weight and strength and felt like my normal self again." Get it from your druggist today.

LOCALS

Mrs. Wm. Masson is enjoying a visit from her sister, Miss I. Berg, R. N., of Viking.

Miss Clara Enger, employee of the Wainwright hospital, is at home convalescing from her recent tonsil and adenoid operation.

Glenn Pyle, son of Chas. Pyle, is recovering from a tonsil operation performed at the Wainwright hospital last week-end.

A meeting of the Irma Loyal Social Credit group No. 1968 will be held at the home of C. E. Fenton on March 14th at 8 o'clock p.m.

Mrs. Thos. Sanders, who has been spending the winter with her sister in Ontario, arrived home on Sunday morning's flyer.

Don't forget the C.C.F. meeting. E. J. Garland, speaker. Directly after the International picture show in Kiefer's hall, on March 18th.

The Ladies' Aid have set March 22 as the possible date for presenting their play, "The Girl Who Forgot." Watch for further particulars.

Keep the evening of April 8th in mind for the high school's annual play with last year's cast enacting "Little Miss Fortune," a three-act comedy.

A general meeting of the Irma Branch of the Canadian Legion will be held in the Legion hall March 18, at 8 p.m. All members are requested to attend.

Mr. and Mrs. Seth Oldham have moved into Irma where Mr. Oldham has taken over the Cockhutt, and Frost & Wood agencies. His place of business is in Mr. Tripp's office.

Kiefer's hall was filled to capacity at the John Deere Co.'s show Thursday afternoon, March 2. The I.H.C. and Massey-Harris Co. are putting on similar shows on March 15 and 28 respectively.

Margaret Brandon, proprietress of the beauty parlor, will welcome any customers desiring any new style in permanents or finger waving. Permanents 3.50, 4.00 and 5.00. Three test curls taken and solution used in all permanents that best suits your hair.

Mr. W. Renwick and son Clarence arrived back in Irma Saturday morning, March 4th, after spending the winter visiting relatives in Ontario. While Mr. Renwick was in Ontario his eldest brother, aged 87 years, passed away. This was Mr. Renwick's first visit to his old home since leaving there 40 years ago.

Thos. G. Dark, eyeglass specialist and optometrist, of Edmonton, will be at Irma Drug Store, 9.30 to 12; Viking Drug Store 1 to 4 p.m., and at Bruce (Ratke's) 5 to 6.30 p.m., on FRIDAY, MARCH 17th. Regular trips made to country points and glasses supplied without extra cost. Make your appointment at once. Special attention given to children's eyes.

FOR SALE—A fat pig, weight about 300 lbs.—H. Prothers, Irma. Phone 611.

The World of Wheat

Director, Research Department
Searle Grain Company Limited

Several plans for the temporary assistance of Western farmers are now being considered by Parliament.

Western opinion, as represented by the Bracken Conference, favors the continuation of the present 80 cent per bushel guarantee on wheat; but some people seem to favor instead a plan for giving additional assistance to those farmers who might have poor or no crops.

Meanwhile it should not be overlooked, that the plans being considered only tide over the present emergency, and do not in any way deal with the real problem which must be solved, if Western Canada's present wheat industry, and so her farming population, is to be maintained. That problem simply is to win back world's markets recently lost for about 100 million bushels a year of Canadian wheat.

The studies I have made force me to conclude, that these markets can only be regained, in the long run, by means of a considerable lowering of Canadian tariffs; all so that foreigners can sell more goods to us, enabling them in turn to buy more of our wheat.

I strongly urge all farmers, and other Western people, to study most earnestly the future prospects of our wheat industry, with which is so bound up the very existence of us all.

Uncle Zeke—"Look here, didn't you say deviled eggs were made with pepper, salt and mustard?"

City Nephew—"I did."

Uncle Zeke—"Well, you must be wrong. I fed the hens all that stuff and they haven't laid a deviled egg yet."

What Air Waves Are Saying Over C.J.C.A.

A Home Town Boy!

My home town is no one home town... and it's big enough for me... the population may be scattered and small... But the home town paper carries news about them all. I always read it 'cause it means the world to me. It tells about my neighbors and I tell about my home town and it's big enough for me!

That's the song Dick Taylor, one of the Home Town Boys heard from C.J.C.A. every Saturday, 5.30 to 6 p.m., sings to open and close the broadcast. Dick, along with all the other boys in the band, are firm believers in the old saying that if you think your home town is too small—you'd better take a look in the mirror! Chances are you'll have to grow before you'll be big enough yourself for the town you think so small.

KINSELLA KERNELS

Miss N. Lindsay spent the week-end with her parents at Innisfree.

Don't forget the box social in the United church Friday, March 10th.

The Ladies' Aid will meet at the home of Mrs. B. Davis on Thursday, March 9th.

Miss Eileen Thorsen and Mrs. and Mrs. F. Williams spent Monday and Tuesday in Edmonton.

A surprise party gathered at the home of Mrs. P. Napier on March 3rd to celebrate her birthday. The evening was spent playing cards and singing, followed by a buffet lunch.

Miss Lucille Mark is visiting at the Holt ranch.

The school orchestra and Misses Norma Wanzonen and Evelyn Gaudet took part in the amateur program March 4th in Viking. Norma and Evelyn won third prize for their pianoforte duet.

Review of the February Wheat Situation

The prices of all wheats at Liverpool are around 4 cents a bushel lower now than they were a month ago. The prime cause of this no doubt has been the extra weight of the new Argentine wheat which is beginning to make its volume felt upon world markets.

The markets of the world are now burdened with large quantities of unsold wheat, which, of course, is depressing price. This situation is inducing some persons to endeavor to devise ways and means of reducing future wheat production, so that the world's present amount of effective demand will gradually absorb the existing surplus.

Instead of attempting to remedy the situation by bringing about an artificial scarcity, which would be so harmful to our farmers, we suggest that time would be better spent in planning to make the surplus wheat more easily available to the people of the world who, we are authoritatively told, so badly need it.—Research Department, Searle Grain Co.

WARBLE FLY CONTROL

(Department of Agriculture Notes)

A community effort for the control of warble flies is emphasized in a circular to be published immediately by the Department of Agriculture.

Because warble flies do not migrate for any considerable distance, concerted effort on the part of everyone within a given area will effect almost complete eradication of this pest.

The damage done by warble flies in Canada is estimated at between seven and fourteen million dollars annually. The insect not only spoils hides but on account of its terrifying effect on cattle, it seriously reduces the yield of milk from dairy cows and retards the gains of beef cattle.

The grubs of the warble flies can be attacked by man only during the period of their development when they are imbedded in the backs of cattle. At this time the application of derris root powder or a compound of it, either as a powder or a wash has been found most effective. The cost of treatment is remarkably low and farmers are amply repaid for undertaking control measures in this way.

It is recommended that the first treatment should be made when the humps caused by the grubs become conspicuous on the backs of the animals, and that second and third treatments should follow at 28 day intervals.

Further information on the control of warble flies may be secured from your nearest district agriculturalist, or you may write direct to the Department of Agriculture, Edmonton.

"Inspector—"Got away, has he? Did you guard all the exits?"

Country Constable—"Yes, but we think he must have left by one of the entrances."

World of Sport

By H. B. C.

To protect sparring partners against the slugging of "the gib fellows," Rev. F. Westendorf, of the Catholic Youth Organization, has invented a mechanical device that uses compressed air to shoot "fists." This sparring partner can give any boxer all he can take, and receive no damage himself. It looks like a very clever device to take a boxer defensive tactics.

The E. A. C. Roamers of Edmonton so far outclassed the Calgary Jimnies that but one game was needed to demonstrate the superior ability of the boys from the northern city. The score of 11-0, was enough. They were awarded the Alberta championship without playing the second game of hockey.

NOTICE

To All Ratepayers of the Municipal District of Battle River, No. 423

**Re EQUINE ENCEPHALOMYELITIS
(Sleeping Sickness in Horses)**

The Council of the Municipal District of Battle River No. 423 is very anxious to obtain the approximate number of horses in this district, so that they will be in a position to deal with the above disease, at an early date as recommended by the Ratepayers at the Annual Meeting of February 18th, 1939.

To obtain this census they seek the co-operation of all and every ratepayer to kindly register the number of horses you have to be treated with Chick Vaccine, with the Secretary-Treasurer of the Municipal District by phone, letter or person as soon as possible, and not later than March 15th, 1939.

CHAS. WILBRAHAM, Sec'y-Treasurer.
